KINZA KHAN

WEB DEVELOPER | REACT.JS | NEXT.JS | TYPESCRIPT

Malir, Karachi, Pakistan | 0322-3091979 | kinzasardar545@gmail.com

PROFESSIONAL SUMMARY

Web Developer focused on React.js, Next.js, TypeScript, and responsive web development. Builds modern business websites and web applications with attention to usability, clean UI, and responsive layouts. Project experience includes a school management system and an international B2B business website. Seeking remote web development opportunities.

TECHNICAL SKILLS

Frontend: React.js, Next.js, JavaScript, TypeScript, HTML5, CSS3

Styling: Tailwind CSS, Responsive Web Design

Backend & APIs: Supabase, REST API Integration

Tools: Git, GitHub, Vercel

Core: UI Development, Debugging, Website Maintenance, Performance Optimization

EXPERIENCE

Self-Employed Web Developer | 2025–Present

- Developed responsive websites and web applications using React.js and Next.js.
- Built business websites and landing pages with a focus on modern layouts and usability.
- Created responsive interfaces using TypeScript and Tailwind CSS.
- Maintained website features, fixed bugs, and refined layouts across screen sizes.
- Used Git and GitHub for version control and project collaboration.

SELECTED PROJECTS

EduPortal — School Management System — *Next.js, TypeScript, Supabase*

- Developed a school management web application with authentication and role-based access.
- Built responsive interfaces and application features focused on usability.
